

**WISCONSIN SOCIETY OF INTERVENTIONAL PAIN PHYSICIANS**

# *Annual* **CONFERENCE**

**Hilton Milwaukee City Center**  
**AUGUST 2-3 ■ 2025**

## DEAR COLLEAGUE

We heartily invite you to participate in the upcoming WISIPP Annual conference.

This will be a dynamic educational opportunity which will attract pain practitioners from across the midwest United States. The meeting will take place in Milwaukee, WI, at the Sonesta. The event will unite attendees from across the midwest including engineers, researchers, anesthesiologists, neurosurgeons, orthopedic surgeons, neurologists, psychiatrists, and pain medicine specialists.

Our unique format presents cutting edge data and information to practitioners of all levels while providing a forum to interact and discuss evidence-based medicine with a view towards improving the quality of care and access to care for patients. There will be many opportunities for you to network with colleagues and attend educational sessions to expand your knowledge on current available treatment options and techniques.

**Dr. Alaa Abd-Elsayed, MD**

## GENERAL INFORMATION

**Date:** August 2-3, 2025

**Venue:** Hilton Milwaukee City Center, 509 W. Wisconsin Ave. Milwaukee, WI 53202

## EXECUTIVE DIRECTOR & PRESIDENT

Alaa Abd-Elseyed, MD

## CHAIR PERSONS

Christina Brooks, MD

Mansoor Aman, MD

Kris Ferguson, MD

## HOTEL RESERVATION

A block of rooms is being held for the WISIPP Annual Meeting at the Hilton Milwaukee City Center. After commitment has been confirmed, exhibitors may reserve hotel rooms. Exhibitor rooms must be secured through WISIPP registration site by July 11, 2025. Guest rooms are available for the nights of August 2-3, 2025. A credit card will be required to hold reservations.

## ACCREDITATION

Annual Conference will be CME Eligible. Full information regarding joint accreditation and number of credits approved will be provided prior to the conference.

## TARGET AUDIENCE AND GENERAL INFORMATION

WISIPP Annual Meeting, 2025 will feature an interventional pain medicine faculty, some nationally and internationally recognized. This content led conference will help the interventional pain medicine practitioner expand and updated existing knowledge/skills regarding ever- increasingly, sophisticated diagnostic and practice guidelines, to share new ideas for evaluation and treatment techniques, and to increase the practitioner's knowledge and ability to act and advocate for patients within the current medical legislative and regulatory environment. Educational formats include lectures, PowerPoint presentations, a Panel, and Question and Answer time built into every presentation for audience participation and learning.

## **WISIPP AND ASIPP MISSION STATEMENT**

To promote the development and practice of safe, high quality, cost effective interventional pain management techniques for the diagnosis and treatment of pain and related disorders and to insure patient access to these interventions.

## **STATEMENT OF NEED**

Pain management and interventional pain management are quickly growing fields in medicine. Emerging science and treatment options for patient care are growing rapidly and it is important for clinicians specializing in this field of medicine to know, understand and evaluate available options to be able to continue to provide the best treatment options and quality of care for patients. Additionally, this field of medicine is subject to higher than normal scrutiny, liability, and litigiousness stemming from alleged over treatment and under treatment of care. It is vitally important for clinicians to understand best practices and practice guidelines to ensure that they are offering the best care, remaining in compliance to lessen exposure and liability while still ensuring access to care and the best treatment outcomes for patients.

## **PROGRAM GOALS AND LEARNING OBJECTIVES**

The goal of this activity is to disseminate best practices in the assessment, diagnosis, treatment and management of patients with pain. At the completion of this activity, participants should be better prepared to:

- Recognize and evaluate pain, description of pain, and pain makers
- Interpret new federal regulations to assist in implementing standards of care and to assist in patient and compliance
- Achieve a greater understanding of best practices and available guidelines on new techniques, agents and therapies for patients
